Series PWTNKPKG Atmospheric Tank and Pump Packages

Sizes: 165, 300, 500 gallons
(625, 1135, 1893 liters)

Series PWTNKPKG is ideal for whole house and light commercial applications. Reduce installation labor with these complete tank and pump packages with components pre-installed to save time and money.

Grundfos® MQ3 Pump

This unique pump is included in the package for re-pressurization. It is a stand alone component, operating independently. Simply plug it in directly to a 110 VAC outlet and the pump turns itself on and off and adjusts speed based on flow.

PWTNKPKG

Features

- Storage tank manufactured from FDA approved polyethylene materials
- UV inhibitors added to storage tank
- Tank walls are translucent for level viewing
- Gallon indicators on side wall
- Pre-installed float switch and junction box
- Junction box connects the float switch to RO system
- Pre-installed bulkhead fittings
- Basic installation fittings included from storage tank to pump

Pre Installed Float Switch

NOTICE

Additional fittings and pipe may be required depending upon application.
