

Dear Supplier,

The following document, entitled “Shipping & Documentation Procedures”, is designed to communicate our minimum requirements for those documents and procedures in order to be a supplier to Watts. Please adhere closely to these instructions – suppliers that do not and cannot correct their procedures to comply will be targeted for removal from the Watts approved supplier list.

If you have any questions or concerns about these instructions, please communicate with your normal Watts Sourcing contact as quickly as possible.

Best regards,

Americas Sourcing
Watts Water Technologies

Scope

Watts is defined for these instructions to include Watts and all of its whole-owned subsidiaries which included but is not limited to Aerco, PVI, Dormont, Bradley, Sentinel The Detection Group, and I-Con Systems LLC. All inbound shipments to a Watts' Distribution Center, factory, third-party warehouse, distributor or any other designated Watts' location from all Watts' suppliers/factories.

Applicability: Includes: All production orders shipped to the US, Canada and/or Mexico

Booking Process

All shipments must be booked with the appropriate freight forwarder **2 weeks prior to the ship date from the factory**. The freight forwarder will validate and verify the following information:

- Valid P.O. #
- Valid Part Number
- Destination
- Mode of Transport

If there are no exceptions to the above, freight forwarder will accept the booking. Any exceptions to the above will be sent by the forwarder to Watts for approval. The freight forwarder will respond to the supplier/factory with the booking details. ***For the list of freight forwarders refer to Appendix 1.***

Please note that the freight must be booked per sold to (Company). For the list of Sold To/Ship to/ Notify party please refer to Appendix 2. The cargo may be consolidated in a container when shipping to the same physical location, but we require a house bill of lading for each sold to within the container. For example, if Watts Regulator and Dormont Manufacturing products are consolidated, we require 2 house bills of lading one for Watts Regulator Co. product and one for Dormont Manufacturing product.

Shipping and Document Distribution Requirements

Accurate and timely documents are required. ***Refer to Appendix 3 for a listing of all required documents.***

In addition to the required documents suppliers must also follow the below requirements for container load ability and e-mailing packing slips and invoices. Outlined below are the container load ability requirements as well as the process for e-mailing packing slips and invoices to when shipping to a Watts' DC.

Ocean Shipments

1. Container Loadability

When booking ocean shipments please refer to the matrix below on what size container to request.

<u>Container Size</u>	<u>Standard Container Load ability</u>	<u>Max Weight (lbs)</u>
20' Container	14-26 CBM's	36,000
40' Std. Container	27-56 CBM's	43,500
40'9'6' High Cube Container	56-64 CBM's	43,500

- When loading multiple purchase orders into a container each purchase order must be loaded in its entirety before loading the next purchase order.

2. ISF (Importer Security Filing) – Cargo Security

- The factory/supplier must provide the ISF filing information by completing the csv file attached for each ocean shipment to the US.
 - FOB/FCA shipments the file must be sent to the forwarder.
 - CIF shipments are to be sent to watts-bos@expeditors.com

ISF Upload File

- The instructions for completing the csv file are provided in Appendix 4 – ISF Filing instructions
- It will need to be provided 3 days prior to the cargo being delivered to the port or consolidator

3. Documents

- All suppliers must email a copy of the invoice and packing slip to Watts' no later than 24 hour after the shipment leaves the factory/supplier. See section *E-mail Format for Packing Slip and Invoice* listed below for email addresses.
- All suppliers must also email a copy of the invoice and packing slip to Watts' freight forwarder no later than 24 hours after the shipment leaves the factory/supplier.
- All original shipping documents must be provided to Watts' freight forwarder within 3 days after vessel sailing.
- All China suppliers should have postal code listed on the commercial invoice

Air Shipments

- Bradley Shipments do not apply. Please reach out to your representative with questions regarding air.
- All other air shipments must be authorized by Watts' in writing prior to shipment. Please e-mail Tim Sutton (tim.sutton@wattswater.com) for final authorization.
- Do not use strapping for shipments.
- Maximum of 250 cartons per shipment
- International parcel shipments using Watts UPS account should be using "bill third party" option
 - Watts account will be provided upon air approval
 - Account must be used for both freight and duties/taxes sections
 - Shipments valued at \$50K or more require notification to Tim Sutton before shipment is executed.
- I-CON parcel shipments should follow their current procedures unless commercial invoice value exceeds \$50,000.
 - Shipments exceeding \$50,000 should have information sent to Tim Sutton for review and next steps
- International parcel shipments using vendor accounts will NOT be accepted with duties/taxes being billed to consignee. Vendor account shipments must be all inclusive to door due to customs clearance issues

1. Documents

- a. All suppliers must email a copy of the invoice and packing slip to Watts on the SAME DAY the shipment leaves the factory/supplier. See section *E-mail Format for Packing Slip and Invoice* listed below for email addresses.
- b. All original documents must be given to Watts' freight forwarder at the time the cargo is delivered.
- c. All China suppliers must have a postal code on the commercial invoice

Truck Shipments

1. Documents

- a. All suppliers must email a copy of the invoice and packing slip to Watts no later than 24 hour after the shipment leaves the factory/supplier. See section *E-mail Format for Invoice* listed below for email addresses.
- b. The packing list must be in an envelope attached to the truck Bill of Lading and given to the carrier.
- c. Please refer to Appendix 6 – Domestic Routing guide

Email Format Example for Invoice, Packing Slip, and Bill of Lading

Upon shipment, all suppliers must email copies of the shipping documents to Watts'. The first email is a copy of the packing slip, invoice and bill of lading/airway bill to the shipping documents email mailbox at Watts and to the US customs broker if supplier is routing freight to the US or Canada (i.e. terms are CIF or C&F).

Shipping documents (International Shipments Only):

shippingdocuments@wattswater.com - all sold to(s)

watts-bos@expeditors.com

- only if supplier is routing freight to US (i.e. Incoterms are CIF, C&F, etc.)
- indicate the US contact details of the forwarder (i.e. name, address, phone number, and e-mail)

wattswater@expeditors.com

- Only if supplier is routing freight to Canada (i.e., Incoterms are CIF, C&F, etc.)
- indicate the Canadian contact details of the forwarder (i.e. name, address, phone number and e-mail)

The second email is a copy of just the invoice sent to the email address listed below based on the sold to on the PO (International and Domestic Suppliers). These e-mail addresses are for invoices only do not send any other mail to the address. In addition, the invoice must be submitted only once. Duplicates are not accepted.

Invoice:

Sold To	E-mail Address
Dormont	wattswater@ddinbound.com
Watts Regulator	wattswater@ddinbound.com
Watts Water Technologies Canada	wattswatercanada@ddinbound.com
Watts Manufacturing MX GmbH	wattswatermexico@ddinbound.com
Watts Heating & Hot Water Solutions	apclerk@pvi.com
AERCO International	accountspayable@aerco.com
The Detection Group	accounting@thedetectiongroup.com
Bradley Company	accounting@bradleycorp.com
Josam Industries LLC	AP@Josam.com
I-Con Systems LLC	apinvoices@i-con.com

Below are examples of the email to the Watts' mailboxes for documents. The SUBJECT line of the email MUST state the Sold to and the invoice number. This allows Watts' to easily search

Appendix 4 – ISF Filing Instructions

U.S. IMPORTER SECURITY FILING SUBMISSION FORM

For all ocean bound cargo to the United States

Summary of Shipment Information

Customer Reference:	Vendor	Move Type:
ISF Cut-Off Date:	Vessel:	Origin:
Vessel Sailing Date:	Voyage:	Destination:
Vessel ETA Date:		
MBL SCAC:	MBL#:	MBL#:

The House Bill consists of a SCAC Code (four character code representing the AM S flag) and the House Bill of Lading Number. ISF must be filed at the latest manifested (AM S) bill of lading.

If a bill is issued the MBL + **ONLY A reference** in the ISF. However, if HBL is NOT applicable, the Master Bill (also known as **Regular Bill**) MUST be used. The SCAC Code is the four character code representing the vessel carrier. The Master Bill of Lading Number (or Regular Bill) is twelve characters long and CAN NOT exceed 2 characters.

Only items in bold must be completed for shipping details

Data Elements Required for Importer Security Filing

Fill in item number and country of origin (c/o) only.

Appendix 6 - Domestic Routing Guide

**DOES NOT APPLY TO AERCO, BRADLEY, DETECTION GROUP,
PVI, Josam, or I-CON domestic Shipments.**

***THESE INSTRUCTIONS WILL APPLY ON ALL INBOUND SHIPMENTS
DESTINED TO ANY WATTS LOCATION WHEN WATTS IS REPOSNSIBLE
FOR FREIGHT CHARGES***

GENERAL INSTRUCTIONS:

- 1) Shipments 200 pounds or less - UPS "Collect"
- 2) Shipments between 201 and 5000 pounds - LTL "Collect"
- 3) Shipments over 5000 pounds or over 19 feet trailer capacity– Contact Watts Traffic

All shipments should be shipped complete in accordance to the purchase order from Watts Regulator.

No shipments will be permitted or reimbursed on a "prepay and add" basis or any other billing process unless the purchase order allows for a prepay and add basis.

The supplier is responsible for providing all necessary documentation for the transportation of material including hazardous material documentation and will insure the applicable carrier pro number or tracking appears on the bill of lading. Suppliers must use the Watts Regulator purchase order number as a reference number on all shipments

Each shipping container must have a shipping label with your company's name, address, city, state, and zip code as well as the consignee's delivery address for easy identification. In addition to the shipping labels attached to each package, a Bill of Lading must be prepared in order to tender the shipment to the appropriate carrier. Each supplier will be responsible for arranging the pickup with the approved "core carrier" – Appendix 7 or UPS on all inbound UPS and LTL shipments.

Please have LTL carriers bill "collect" shipments to:

Watts
c/o TABS
PO Box 9133
Chelsea, MA 02150

For shipments greater than 5000 pounds or over 50% trailer capacity, please fax the "Inbound Freight Routing" form Appendix 8 to 603-934-1396.

All supplier locations will be responsible for adhering to and using the preferred carrier base.

Appendix 7 – Approved Domestic Core Carriers
