24/7 monitoring detects
potential flood conditions

Real-time alerts sent via
phone, text, and email

Save money, time, and
stress

Enjoy Reliable Flood Detection for Your Building

Series LF909-FS/909RPDA-FS with SentryPlus Alert® Technology

Unattended RPZ relief valve discharge in your facility can cause thousands of dollars in water damage – and not knowing there's a problem until it's too late can be a disaster.

Series LF909-FS/909RPDA-FS now come standard with an integrated flood sensor. Activate flood detection technology through an add-on connection kit and enjoy peace of mind with real-time alerts when potential flood conditions are detected in your facility.

BMS Sensor Connection Kit (Small Diameter) Shown

How it Works:

- 1 Install Your Backflow Preventer as Usual
- 2 Buy a Connection Kit to Activate Flood Sensor Technology
- 3 Enjoy Peace of Mind with Reliable Flood Detection

Don't let unexpected flooding destroy your facility.
Flood detection you can rely on is here for you.
