

SmartTrac™

Radiant Panel Solution

SmartTrac[™]
Radiant Panel Solution

SmartTrac[™] works with Watts Radiant's
RadiantPERT[™] and RadiantPEX+[™] Tubing.

SmartTrac[™] is a non-structural, modular panel system, designed to simplify radiant heating and cooling installations in subfloor, wall and ceiling applications.

Easy to configure and quick to install, SmartTrac[™] is a flexible solution for any new construction or remodeling project.

RadiantPEX+[™]
Cross-linked Polyethylene Tubing w/EVOH Barrier

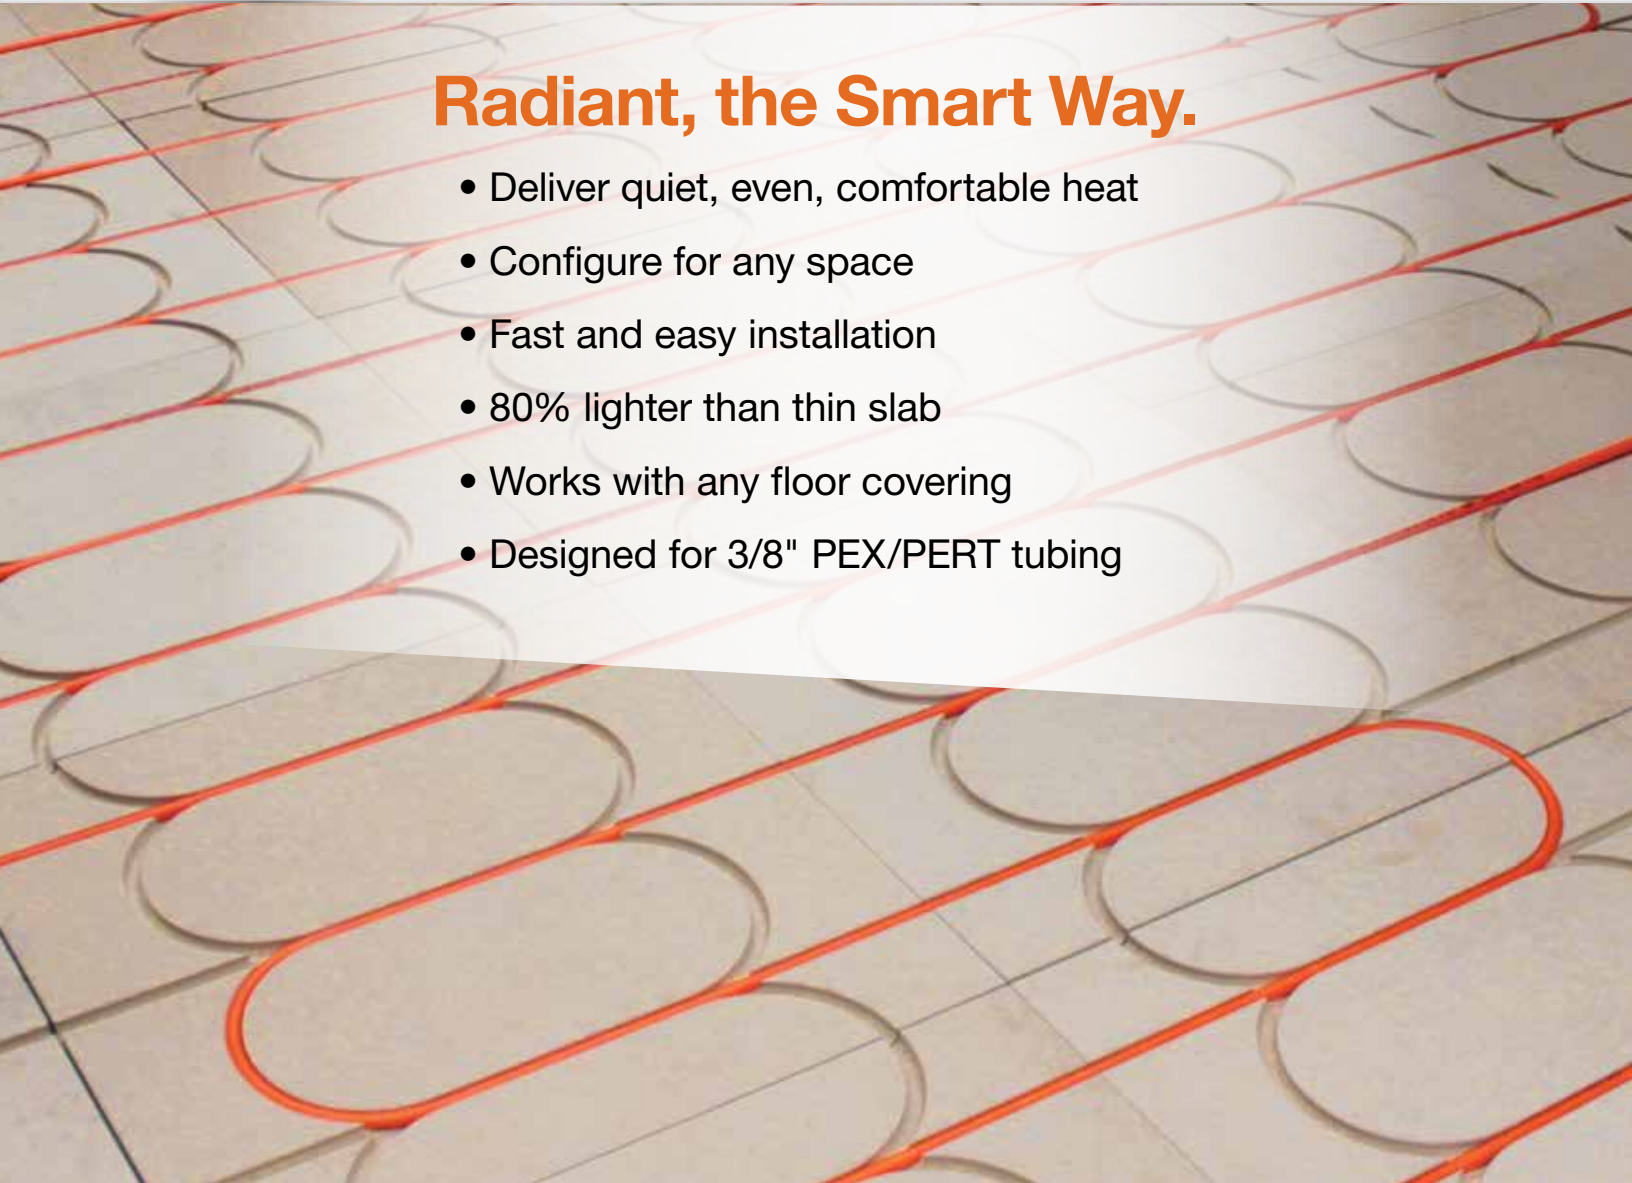

RadiantPERT[™]
Polyethylene Raised Temperature Tubing with Oxygen Barrier

Radiant, the Smart Way.

- Deliver quiet, even, comfortable heat
- Configure for any space
- Fast and easy installation
- 80% lighter than thin slab
- Works with any floor covering
- Designed for 3/8" PEX/PERT tubing

Compared to other radiant installation options, **SmartTrac™** is...

SIMPLE

- One-panel solution

CLEAN

- No messy silicone required
