

Engineered for Flow in Data Center Cooling

Sanitary Valves with Tri Clamp Connections

2-Piece Butterfly Valve
(W7000)

3-Piece Ball Valve
(W6000)

Check Valve
(W5000)

Wye Strainer
(W2000)

Streamline Installation

Reduce labor costs & enable quick assembly with Tri Clamp Connections

Simplify Maintenance

Minimize downtime with quick-disconnect design for easy inspection & service

Protect Cooling Performance

Decrease contamination risk with reliable 3A connections
