Socket Fusion Headsets

IPS Socket Fusion Headsets

Specification

The IPS Socket Fusion Headset is a precision-machined heating tool accessory designed for use with Orion® socket fusion heat tools. The headset provides simultaneous heating of pipe and fitting socket fusion surfaces to create strong, homogeneous thermoplastic fusion joints. Manufactured for dimensional accuracy and consistent heat transfer, the headset is sized for IPS polypropylene and PVDF socket fusion systems and is engineered for use in chemical waste and industrial piping applications. Available in sizes ½" through 6" IPS. Compatible with Orion socket fusion heat tools.

Call customer service if you need assistance with technical details.
